Review our Shore Owner response letter. The committee approves the words of the letter. We will ask Michelle Ward to send the letter to Owners Association. A copy of the letter will be saved.

An idea proposed to make small signs and post at the Variance application address, as a way to inform neighbors that something is changing. A sign design may include red color and big letters, supported by a post and or staple up method.

Joshua Suiter did not respond to the ZBA request to complete the application thus closing the request.

No other new business.
