Lowville Summer Rec Program

Jeff Hoch was requested to attend a meeting in regards to the cost of the summer rec program that is offered by the Lowville Academy and Central School District. It was brought to his attention how many children attend this program from Watson. The cost of this program has been the responsibility of Lewis County, Town of Lowville and the Village of Lowville. They are requesting that the Town of Watson pick up some of the cost accumulated by sending the town's children to the program. It was explained to them at this meeting that the Town budget has already been completed for the year of 2024 and this was not something that was budgeted, however it will be discussed for the year of 2025.
