NEW BUSINESS

Snowmobile/ATV Trails - contact has been made with Jackie Mahoney and Nettie stated that maps and trails will be discussed and formalized.

Mary Lou Guignard will be sure to get the 100 year floodplain plan paperwork to complete the recommendations from the County as well as the Town's.

Vandewater Subdivision - Ward Dailey has been contacted and the maps have been received. The abutters notifications will be sent out. The biggest concern Nettie had was the first property in question as to where the driveway was to land. Howard explained where it would be on the map. It was stated that 550 feet was needed to slow down vehicles at the bend.

Nettie asked the Board if we need a public hearing or if the public hearing should be waived. It was agreed upon that from here on out that we will be holding public hearings for minor subdivisions as well.

Nettie will send out for formal abutters and then schedule a public hearing for June 1. Motion made by Dean, seconded by Nicole. All in favor.
